#### The Commencements

Under sunny skies 101 seniors of Mount Hermon school for boys received their diplomas from Headmaster Elliott Spear at the 47th Commencement, Monday morning in Memorial Chapel while 99 seniors at the Northfield Seminary were given their sheepskins by Principal Mira B. Wilson at their 50th Commencement session.

Sir Wilfred Grenfell of Labrador and Lady Grenfell were the guests of honor at Mount Hermon, Sir Grenfell giving the graduation address. He emphasized the necessity of work in addition to faith as essential to success. There are two kinds of colleges, he declared. Those that educate instill the spirit of initiative and constructive effort in the minds of students, while those that merely inform, fail in developing the right kind of character. By hard work and humility, together with earnest prayer, mankind can be helped to a knowledge of Christ, the speaker concluded. Sir Grenfell and Lady Grenfell are guests of Mr. and Mrs. A. P. Pitt of East Northfield, and also the Northfield Hotel.

The graduating seniors dressed in cap and gown, marched down the center aisle led by the marshals of the junior class. The choir sang two selections. The Spade Oration was delivered by Frederick H. Smith of Boston, a member of the class of 1933.

At the Northfield Seminary the graduation took place in the Auditorium, where all the students were dressed in white, while the graduating seniors wore the traditional cap and gown. After the processional Principal Mira B. Wilson read the Scripture and the Rev. Albert Fulton D. D., of Syracuse, offered prayer.

The Rev. J. Edgar Park D. D., president of Wheaton College at Norton, Mass., spoke at the graduation services in the Seminary, pointing out the difference between one who is alive and one who is dead. The dead things are explained away by alibis and reasons, Dr. Park stated, while the living are explained by goals. When one has died the question is, "How did he die?" When a real live person is around, the question is asked, "Where is he going?"

"Education was not started by parents. Only when children came into the world asking their many questions which the parents would not answer, did necessity compel the invention of schools, so that the parents need not answer those questions."

"Learning is hard chiefly because people try to learn by repeating phrases or words instead of by connection. Introduce every stranger to your mind. Learning is the growing larger in the temple of your mind," Dr. Park concluded.

### County Costs Increase Other Counties Less

The County Budget for Franklin County shows an increase in costs of \$3,200.00 over last year. Nearly every other county in Western Massachusetts shows a decrease in cost.

Franklin county's budget this year is \$240,221.24 as compared with \$236,900.18 last year. Our present County Commissioners have painted a sad picture for us in this year of depression and of course they will say the Court House did it, but who wanted the more economical structure would have served us if the people had a chance to express themselves instead of the palace of luxury and expense. Here is the budget figures for the other counties. Note their decrease of costs.

Franklin \$393,919.29 \* 67,704.76  
Berkshire \$40,281.24 \* 3,821.06  
Barnstable \$71,197.28  
Hampden \$81,408.88 181,695.46  
\* Increase

### Northfield Votes Against Repeal And For No License

Northfield voted Tuesday at the special State election on the repeal of the Eighteenth Amendment and about 375 total votes were cast. The vote for delegates (dry) against repeal was 223-229 and 225. The vote for repeal (wet) 140-138-137. Northfield therefore retains its time honored position upon the prohibition question and in answer to its expression no licenses will be granted in the town for the sale of intoxicating liquors. The vote was for 138 and No. (opposed) 236. Northfield has again proven that it is "as dry as a Sahara desert."

### County Vote On No License Question

### Boundary Is Defined Between The States

Vermont won its boundary dispute with New Hampshire by a decision of the United States Supreme Court last week and henceforth the boundary will be defined between the two states along the Connecticut river at low water mark on the west side of the stream.

Vermont originally insisted the thread or channel of the river was the boundary, and New Hampshire contended it was on the west bank of the river where vegetation ended, or what is commonly called high water.

Edmund F. Traub, special master appointed by the court, recommended the boundary be placed at normal low water mark on the west bank of the river from Pittsborough, N. H., to the northern boundary of Massachusetts, at South Vernon and Vermont accepted the decision.

### In Europe This Summer

Prof. and Mrs. Horace H. Morse of Highland avenue will spend this summer abroad. They will sail on Wednesday, June 21st for a visit in southern England, including Cambridge, Hereford and Shrewsbury. Much of their time will find them in London. They expect to return to Northfield about September 15th.

Another from Mount Hermon's staff to go abroad is Dr. R. E. Kennedy Miller, the school physician who will sail soon to spend July and August to visit hospitals and clinics in England and France. He will return about September first.

### Ashfield Street Fair

At a meetings of the district Board of the Young Women's Christian Association held last Friday in Greenfield and attended by Mrs. Elliott Spear and Mrs. Louis Smith of Mount Hermon preliminary plans were made for holding a street fair in Ashfield this summer as was so successfully organized and conducted last year. The work of the district Y. W. C. A. is in charge of Miss Winifred C. Parkhurst as General Secretary.

### Fire Permits Required

Fire Warden Galen Stearns in a statement to a Herald representative stated that it is absolutely necessary for anyone desiring to have a fire out of doors to first secure a permit from the fire warden in whose district they may reside. This is a state law and there is a heavy fine attached for any person building a fire without a permit. The warden also suggests that when a fire is built that a supply of water in pails be placed within easy reach in case the fire gets beyond control.

### Principal Selected

Mr. Alfred L. Gay of Groton, Mass., and vice principal of Westford Academy has been chosen as Principal of Powers Institute at Bernardston by the School Committee of that town.

The Goldman Band of 70 musicians, Edwin Frank Goldman conducting, will open the 17th annual Eastern States Exposition on Sunday, September 17, with concerts afternoon and evening in the Coliseum building.

The Kiwanis Club of Greenfield has planted the banks of the State Highway about French King with laurel.

### Roby's Dance Hall On Bernardston Road Destroyed By Fire

Early last Saturday morning fire completely destroyed the large dance hall and dining room at Hales Crossing of the Boston & Maine R. R. at Bernardston with a probable loss of nearly \$15,000. The property occupied by Leon Robichaud and known as Roby's Place was owned by Mr. E. D. Saxton of Greenfield. It was only partly covered by insurance. The fire was discovered at 2.20 a.m., by Ray Griswold of Bernardston as he was driving by. The Bernardston fire department responded to the alarm and a call sent for assistance to the Greenfield Fire Company which arrived promptly but the fact that no water was available caused the fire to gain headway and sweep on uncontrolled. The cause of the fire is unknown. Only a few days ago Mr. Robichaud had sent up a load of furniture and was preparing to open the place for the summer season.

### Annual Alumni Dance Northfield High School

Arrangements have been completed for the annual Northfield High School Alumni Ball to be held at the Town Hall next Friday night June 23 from 8 until 12 midnight.

The favors this year will be of a novel nature and decidedly different from past years. Several special prize dances are included in the program which should meet favor with the members of the Association and other people attending the Ball. The balcony will be available for the use of those who prefer to watch rather than to dance. All townspeople are invited as the affair is open to the general public.

Music will be furnished by Charlie Marsh and his orchestra. This band has been a favorite the past year at fraternity and club dances at Springfield, Amherst, and other nearby places.

As is usual, a business meeting of the Alumni Association will be held during the intermission.

The faculty and graduating class of the High School are to be the guests of honor for the evening. Another feature of the dance will be the distribution of the new issue of the Association's paper, "Alumni Review," to those members present.

### Northfield Gets Aid For Town Road Work

The State Department of Public Works has allotted an appropriation for highway work in Northfield under Chapter 90 of \$2,000 to be used on the construction of the Hermon Road. To make this construction the sum of \$4,000 will be required of which \$1,000 is provided by the County and \$1,000 by local appropriation. The total amount provided by the State in the county is about \$113,265.

The following roads of nearby towns are included in the provisions, the first figure is the state allotment, the second figure the town appropriation and the third figure the county expense:

Erving River road, \$2,000, \$1,000, \$1,000.  
Gill, Maint. Main road \$2,965, \$670, W. Gill road \$2,600, \$1,600, \$1,000.

Warwick, Northfield road \$2,000, \$1,000, \$1,000. Tully Brook bridge, \$1,200, \$1,200.

**LOW PRICE CARS VS. CHEAP CARS**

We do not build a low-price car: the cost to us of building our car is pretty high.

But we do sell a high quality car at a low price.

Almost every new Ford V-8 car we have built so far this year, has cost more to manufacture than its selling price was. As you buy them at only \$490 to \$610, we have to depend on increasing volume to make up the difference.

The reason for this is simple:—a manufacturer who gives good value must expect to lose money on the first cars he sells because he cannot charge all his costs to the people who are first to buy.

But with the purchaser it is different—he cannot afford to lose anything on a car. It must give him full value from the first, and keep on giving him full value for years.

Two things make possible our combination of low prices and high cost quality:

1. Volume Production
2. Taking only one profit

First, we set our price at what would be fair to the public on the basis of economies we enjoy in volume production. Then, in order to justify and maintain our low price we must get volume sales.

Thus it comes that a car which is really high-cost to make, is also low-cost to buy.

There is a difference between a cheap car and a low-priced high quality car.

Ford prices are always fixed at a point which makes it profitable for a customer to buy.

Good and lasting business must produce profit to the buyer as well as to the seller. And of the two, the buyer's profit must be, comparatively, the larger one.

It pays us to sell the Ford V-8 because it pays you to buy it.

**Observe Silver Wedding**

The Gill Community club held its last meeting for the season at the town hall on Tuesday evening June 7th an unusual feature being the observance of the 25th wedding anniversary of Mr. and Mrs. Peleg W. Eddy which occurred June 10th.

Following a short business meeting the program committee presented a pantomime "The Fate of the Slim Son" with the following cast: Miss Erhardt, Mrs. Ware, Mrs. Sumner, Mrs. Luther Hastings, Mrs. Leveille and Mrs. Bogue.

Mr. Chapin acting as master of ceremonies, informed Mr. and Mrs. Eddy that they were the guests of honor for the evening. They were presented with a large basket of iris and Miss Gee read an original poem. Mrs. Smith and Mrs. Deming of Mount Hermon rendered two duets and Prof. Lawrence sang two solos.

A mock wedding was held in which the following took part: Marion Gee, Wallace Langille, Prudence Langille, Loyola North, Lucille Erhardt, Ruby Whitaker, Marjorie Bogue, Donna Van Valkenburg, Junior Hastings, Eileen Leveille, Richard Clapp, Ellsworth Hastings, Malcolm and Luther Eddy. The Mount Hermon Trio rendered splendid music with Mrs. Peck at the piano.

Following an informal reception to Mr. and Mrs. Eddy the guests proceeded to the dining room where light refreshments were served by Mrs. Roberts. Miss Ellen Pervere and Mrs. Irving Franklin. The tables were tastefully decorated with roses of iris; the table of honor having as a centerpiece a wee bride and groom under a flowered arch.

After the guests were seated Mr. Chapin presented Mr. and Mrs. Eddy with a sterling silver carving set and cold meat fork. They responded with a few words of appreciation and presented each guest with a slice of very pretty decorated wedding cake.

Among the guests were Mr. and Mrs. Stoughton who recently observed their fiftieth anniversary and Mr. and Mrs. Ernest Atherton of Orange, former neighbors of Mr. and Mrs. Eddy.

**Rare Trout**

The story comes of much interest to fishermen that Dublin Pond in New Hampshire, not more than sixty miles from Northfield is the home and only home in the United States of a special kind of trout called "Salvelinus Agassizii" or Dublin trout.

The flesh is pink, the tail is square, the sides are striped like a salmon. The season opens May 20. After the middle of June the fish retire to deep water and are practically uncatchable.

Ordinarily they weigh up to three pounds. Last spring they ran unusually heavy.

## WORDS OF COMFORT

And as Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up: that

WHOSOEVER BELIEVETH IN HIM SHOULD NOT PERISH, but have eternal life.

For God so loved the world that He gave His only begotten Son, that

WHOSOEVER BELIEVETH IN HIM SHOULD NOT PERISH, but have everlasting life.

John 3, 14-16.

## South Church

Sunday will be observed as Children's Day in the services; but not in the old way of children "speaking pieces." At 9.45 in the church school there will be the annual promotion service, to which the parents of the children and adults are invited to attend. 10.45 a.m., Church worship service, centering around the thought "The Children's Challenge."

The Alliance Meeting held with Mrs. C. C. Stearns and Mrs. Chas. Webster as hostesses in their camp Wawona was a delightful experience. The wind from the lake on that excessively warm day brought the desired coolness and helped the mosquitoes to escape. Each lady brought the food which satisfied and there were left the usual baskets full when all shared. The regular business session showed all departments in good working order, and by vote the Alliance will sponsor next year certain vital interests of the church school.

Mrs. George Smith, one of the National Alliance officers was the speaker for the occasion. She was most impressive in her reproducing the inspiration of the May Meeting, and in her practical new suggestions for successful local Alliance work. All the women present hope that she will visit us again and that we may meet again in "Wawona."

The Conference brought together many authorities on the work of the public library, and the addresses emphasized its purposes and aims. To a representative of The Herald one of the speakers in a discussion of the library problem, stated that the "success of any library was marked by the energy of the librarian, the devotion, cheerfulness and helpfulness of its controlling body and by the co-operation of its patronizing citizens."

The delegates enjoyed their visit to Northfield and saw much of the Northfield schools and our historic landmarks.

## Magazine Absorbed By "Church Management"

When the "Record of Christian Work" ceases as a magazine to be issued July first, it will be merged with the successful magazine "Church Management" published at Cleveland, Ohio by the Church World Press Inc., and of which Mr. William H. Leach is the Editor-in-chief and Edward E. Buckow Business Manager. It is probable that a special department will be inaugurated which will cover the religious activities of Northfield. All subscribers to the Record of Christian Work will receive the new magazine to the expiration period for which they have paid. Christian work readers will look anxiously forward to the coming change.

At a meeting of the Record of Christian Work company held recently as already announced in the Herald authority was voted to Elliott Speer to undertake negotiations for the closing of the business and the care of unsold subscriptions. The publication is the property of the Northfield schools. A. P. Fitt the editor, is to be retired, as are the other members of the Record staff.

The Record of Christian Work was founded in 1881 by Fleming Revell and has had a continuous existence of 52 years. Shortly after its founding, under the name of the Evangelical Record, it was combined with the daily Bible leaflets which were issued in Northfield by Major D. W. Whittle. The publication had a wide success growing in course of time to a circulation of over 20,000. The name was changed on several occasions until it took its present form.

In 1899 W. R. Moody acquired the magazine and moved the publication to Northfield where it has been published monthly ever since. Several years ago the paper became the property of the Northfield schools and in 1920 A. P. Fitt became managing editor, W. R. Moody contributing editorials. The magazine has a circulation of over 5,000 subscribers in all parts of the world and has exerted a powerful influence on religious thought both nationally and internationally. It has carried the message of Northfield to all corners of the world as it contains not only religious news and comment but the report of sermons delivered and problems solved at the annual Northfield Conferences. The loss of this publication will be greatly regretted by the many friends of the magazine and especially in Northfield where the editor and staff are so well known and have so many friends.

## EDITORIAL

After school, what? Now that the schools and colleges have graduated so many students — and Northfield has honored its share what will be their future outlook. Education must not end with them. It is only the beginning of study to win life's laurels of the future. A school or college career is not an end in itself, it is only the stepping stone of knowledge to a successful career.

No man is truly independent who has no other source of income than his daily wages or weekly salary, because if for any reason that income is permanently, or even temporarily, cut off, the man instantly becomes dependent.

His only salvation lay in a reserve at the bank or in insurance which he in early life had begun to accumulate. That man will never be independent who in early days had failed to practice thrift and build his reserves.

Since we have not sent out any bills for Herald subscriptions that are due and trusted that the printed notice on the first page would be sufficient, the Editor is gratified by the response. Along comes many remittances and kindly messages, one of them from among a score says, "We must have the Herald in our house every week and that greeting comes from Rev. Mr. Woodruff, the President of the Rustic Ridge Association. Thank you brother."

The newly elected Moderator of the Presbyterian Church, Rev. Dr. John McDowell has expressed an opinion which has a fine ring and should penetrate the critical religionist. We quote:

"I have no difficulty with any man if he is a Christian first. 'But if he is anything else first (Fundamentalist or Modernist), he is always a source of trouble.'"

"The biggest thing for the church next year is a deepening within of the reality of spiritual tolerance."

Perhaps the most encouraging phase of the farmer's troubles is that they have caused him to look with a new and inquiring mind on economic and social problems. He has discovered that the world has changed much—that methods that were good thirty years ago are disastrous now. He is finding out that no one can prosper alone in a world in which the interests of every business, every producer, are inextricably intermingled. He is finding that the cooperative ideal—whether in industry, or agriculture, or simply social relations—points the road to stability and permanence.

During the depression thousands of farmers have joined co-operatives. Thousands of others have redoubled their efforts in behalf of their co-operative, where before they simply held "passive" memberships. These are the farmers that are applying real business methods to farming and that are in line to profit in the future.

## Herald News Items

L. G. Treadway of Williamstown manager and director of the "Real New England Inn" who recently assumed the management and direction of the Northfield Hotel announces that he will open the Ashfield House on June 24th for the summer.

In Vermont no less than nine abandoned churches have been converted into attractive Grange halls, and so their community service is significantly continued.

What is regarded as the earliest record of Freemasonry in this country is quoted in Peterson's History of Rhode Island from an old document. It states: "In the spring of 1658 Mordocai Campanall, Moses Peckoeck, Levi and others, in all fifteen families, arrived at Newport from Holland. They brought with them the first degrees of Masonry and worked them in the house of Campanall, and continued to do so, they and their successors, to the year 1742."

Reports from the State House say that the House Ways and Means Committee have favored a continuance to the three dollar poll tax on every male inhabitant of the commonwealth, 20 years of age or over, whether citizen or alien, beginning in 1934, receipts to be used to finance the old-age assistance law.

The State World War Memorial on Greylock Mountain will be dedicated Friday afternoon, June 30. The state memorial is erected by the commonwealth of Massachusetts in grateful recognition of the loyalty and sacrifice of her sons and daughters in war. "They were faithful even unto death."

## MEMORIAL DAY

Oh country dear, of thy heroes we must sing,  
And with reverent hands we'll bring  
Loving tribute to our soldiers' graves;  
Whose daring deeds, handed down in story,  
Thrill our hearts with their records of glory,  
As we keep these Decoration Days.

Oh comrades who sleep in silent repose,  
We can but weep for those  
Who gave their lives—their pride,  
As we deck their silent graves with fragrant flowers.

For theirs has been the suffering,  
Their memory shall be ours.  
Blest be the land for which they fought and died.

In this great land where Freedom's banners wave,  
Where dwell the free, where sleep the brave,  
Let's raise a song of praise for those  
Whose hearts can claim.

Oh may our land be hereafter always bright  
With joy and peace and freedom's light.

As we pledge to thee our service  
Held sacred by immortal fame.

## "I WILL BE WORTHY OF IT"

I may not reach the heights I seek,  
My untried strength may fail me;  
Or, half-way up the mountain peak  
Fierce tempests may assail me.  
But though the place I never gain,  
Herein lies comfort for my pain—  
I will be worthy of it.

I may not triumph in success  
Despite my earnest labor;  
I may not grasp results that bless  
The efforts of my neighbor.  
But though my goal I never see  
This thought shall always dwell  
With me—  
I will be worthy of it.

The golden glory of love's light  
May never fall on my way;  
My path may always lead through night,  
Like some deserted by-way.  
But though life's dearest joy I miss  
There lies a nameless strength in this—  
I will be worthy of it.  
Ella Wheeler Wilcox

## Book Wins Recognition

Although the tercentenary anniversary of George Washington's birth is now past, the father of our country is not being neglected in the schools this year. The Board of Education of the city of New York recently adopted for study in Reading and Literature courses in the high schools, The Young George Washington by George L. Thompson. Mr. Thompson was a former pastor of the Northfield Unitarian Church.

Doctor: "Of the lungs?"  
Nurse: "No, of traffic."

RADIO ARTIST WATCHES DIET TO KEEP FIT •  
FOR WORK BEFORE THE MICROPHONE

The voice with the smile wins new friends for Gertrude Dooley every time she broadcasts.

WHAT'S in a food? Opinions differ. It has been said that Shelley did his best work on pap and raisins. Handel on a hearty meal of meat. Cato doted on cabbages and a certain famous poet soared highest on the wings of fancy when consuming plenty of gin, bread and onions. Whatever gentlemen prefer, however, Miss Gertrude Dooley's choice is canned pineapple fruit cup.

This young radio star has delighted audiences everywhere with her clever dramatic presentations, now as Mammie Fredericks of Centerville, now as Mrs. Tyler on tour, again as the Postmistress of the Crookly mailbag. Such versatility takes stamina and stamina is founded on good health. Miss Dooley declares that she learned to eat spinach, lettuce and tomato juice in her boarding school days. Lately, hearing of the nutritional properties of canned pineapple she has added this wholesome fruit to her daily fare and declares it has helped her to keep up to the microphone mark.

## Repeta—Niedbala

At St. Mary's Church at Turners Falls on Monday morning at nine o'clock Miss Julia Mary Niedbala daughter of Mr. and Mrs. Joseph Niedbala of Gill became the bride of Charles M. Repeta son of Mr. and Mrs. Michael Repeta of Northfield with Rev. J. W. McGrath using the double ring ceremony. Mr. Dennis Lonergan the church organist played the wedding march and Miss Margaret Grogan sang the solo parts.

The bride's attendants were Miss Mary Silva of Gill, maid of honor and Miss Mary Sojka and Miss Mary Niedzwiecki, both of Turners Falls, bridesmaids, and Blanche Niedbala, flower girl, Frank Niedbala, brother of the bride, was best man. Ushers were Joseph Butynski and Walter Wozniak.

The bride wore a gown of white satin and veil with lace caught with orange blossoms. She carried a shower bouquet of roses and sweet peas. The maid of honor wore blue and carried pink roses and the bridesmaids wore flowered gowns and carried roses of the same shade. Following the ceremony a reception was held at the Gill town hall.

After a wedding trip the young couple will reside in Northfield where Mr. Repeta is employed with the Northfield Hotel Co. The bride attended the public school of Gill and Turners Falls High school and the groom is a graduate of Northfield High School. Their friends wish them every happiness in life.

### New Postage Stamp Placed On Sale

A new postage stamp in the one cent and three cent denomination has been placed on sale by the Postoffice Department and is now offered by the Postoffices in Northfield to commemorate the Century of Progress International Exposition just opened at Chicago. These stamps are the same size as the regular issue and are of the 1-cent denomination, printed in green, and the 3-cent denomination, printed in purple.

The central design of the 1-cent stamp depicts old Fort Dearborn pioneer outpost at Chicago, as restored in 1816. A blockhouse of the old fort appears in the foreground, partly overshadowed below and with a crenelated fence extending from either side of the stamp. In the background are trees and other buildings of the fort. The 3-cent stamp has for a central design a reproduction of the Federal building, with its three massive towers, on the exposition grounds.

The stamps were first placed on sale May 25, 1933, at the main postoffice in Chicago, and at the branch postoffice on the exposition grounds on June 1, the official opening date.

McCALL PATTERNS are sold by Houghton and Simonds in Brattleboro.

### Grads Like Cottons

And Capes, Ruffles, Jumpers!

JUNE brings momentous events... graduation, class day and class night exercises... and parties, parties, in an endless round! Of course, that means just one thing to the sweet girl graduate... something to wear. Many clever-fingered girls are planning to make their own graduation frocks... and they're choosing styles that will be at home at parties too. We've sketched six charming dresses which are favorites with graduating classes of 1933.

The fabrics that are topnotchers with the graduates are flax, crepe, crepe de chine, organdie,

voile, dotted swiss, chiffon and net. White is most often used because it is compulsory in many schools... after graduation, however, it can be touched up with notes of vivid color. Jumpers are often chosen by discriminating young folk for their graduation costume... and many smart co-eds are going in for capes, criss-cross bodices, effects, bows and ruffy skirts. The models sketched show these details in wearable, youthful renditions. (McCall 7142, 7012, 7151, 67012, 7096 and 6895). They are all easy to make, by the way. (By courtesy of The McCall Company).

# Concerning Our GOODNOW DAYS

Sales in our store don't "just happen." When we run a sale it is for more than heaping a lot of merchandise together at a reduced price. For weeks ahead we plan how excellent a variety we can give you; just what merchandise is timely, and how little we can sell it for.

Thursday, Friday and Saturday are the last three days of one of these annual events—GOODNOW DAYS — one of the biggest sales events on our calendar. We have always prided ourselves on the Goodnow Days values we have offered — their style, their timeliness, their evident high quality and low prices. This year is no exception. Value and style and quality are here in abundance.

Almost daily we are in receipt of communications from manufacturers and wholesalers warning us that prices are advancing, and that orders must be placed immediately if we wish to buy before the rise. ON EVERY HAND ARE INDICATIONS OF HIGHER RETAIL PRICES. Hence, the merchandise which we offer takes on greater value, and the prices quoted, a new significance.

If you would save, and save liberally we ask that you plan to attend this sale.

# It was said about a mousetrap and Now it is True About a Car!

Remember, the old saying, "Make a better mousetrap... and the world will..." and so on? Well, after all these years, there does seem to be something to it.

Pontiac sales are ahead of  
last year—and still growing

You will admit that, in a year like this, that means the car must have something. Something that people want.

Now, Pontiac does offer a lot for the money. And its price is low.

Pontiac gives a big, beautiful package of Balanced Value.

What does that mean? Simply that Pontiac gives you Economy—but not at the expense of other qualities. It gives also Durability, Comfort, Safety, Performance and Appearance. It gives all-round Balanced Value for the owner.

It means that the car wears evenly through tens of thousands of miles of use. And at the end of two or three years it gives extra dividends in the way of higher trade-in value. Fisher bodies have Fisher No Draft Ventilation. Pontiac is a typical General Motors Value—a good car to buy.

## Read the Free Booklet

Come in for a free copy of the booklet—"What do you mean—Balanced Value?" It explains what Pontiac is, in everyday terms with which everybody is familiar. It is worth reading, because it will make you a better car buyer—a more critical judge of value.

### High Team Completes Baseball Season

Glazier, Shearer, and Vaughan played their last game for Northfield High School, Friday when the team defeated New Salem by a score of 6-2 with Shearer and Hurley comprising the battery. On the surface the season does not look too successful but a brief summary will show that there were good points and handicaps. Of the fourteen games played victories were won from Turners Falls second team, Charlemont, Hinsdale and two from New Salem. Both games were lost at the hands of the strong Brattleboro nine by scores of 1-10 and 2-7. Four of the remaining games were lost in the ninth innings from St. Michaels, Charlemont, and Winchester. The team missed the steady work of Shearer and Glazier who made up the battery in only three complete games and total of less than half the innings played. Shearer pitched only six of the one hundred twenty-two innings played, the remaining twirlers being Farley, Glazier and Kervian. In addition to being a promising pitcher, Farley started on first at the beginning of the season until Haven who was unable to play because of illness returned. Then when not in the pitcher's box, Farley went to second where he showed outstanding ability until an injury to a finger forced him out of three games.

In spite of the loss we can look forward to a 1939 team built around the letter men Farley, Kervian, Reed, Hurley, Haven, Newton, de Veer and Furlis as well as a large number of boys on the second team this year.

### Baseball Games

Due to the High School Class Day exercises next Wednesday, the ball games next week will be on Monday and Friday nights instead of on Wednesday and Friday.

The following games have been scheduled ahead:

Friday, June 16, Winchester, N. H.  
Monday, June 19, Pastime A. C. (Greenfield.)  
Friday, June 23, Unannounced.  
Monday, June 26, Greenfield Oldtimers.  
Wednesday, June 29, Laddies' All Stars (Turners Falls).  
Friday, June 30, Greenfield Old Timers at Greenfield.

### Northfield Wins From Shelburne Falls

The Northfield A. A. Ball team took the Shelburne Falls team into camp last night (Wednesday) by the score of 8-3.

Paul Urganiewicz pitched for the local boys and he did a superb job. He got a little tired in the closing stanzas and had a little difficulty finding the plate so Stan Bistrek pitched the 1st inning. In the eight innings that Paul toiled on the mound he struck out 10 batters, walked 5 and allowed only 7 hits and two runs.

Tabor Polhemus who played his first game for the locals this year made himself right at home and connected for a triple, a homer, and made a nice catch in center field.

The local boys started right in the very first inning and garnered one tally. Stan Bistrek connected for one of Albec's hooks for a line drive to left center. Harper Gerry, the centerfielder started for it but tripped and fell and the ball went rolling merrily over the hill for a four bagger.

In the third the locals chalked up three more tallies on Glaziers' boulder to the third baseman which he fumbled, a hit by Bistrek and a ground ball by Kersavage which forced Bistrek at second and a home run by Williams through shortstop and left field.

In the fifth the visitors made their first score on a hit by Cour-

ier and an error by Glazier. But the locals came back strong in their half and tallied twice on an error by the shortstop on Williams' grounder and a terrific clout by Polhemus into deep left center field for a home run.

In the seventh the locals just put the game on the ice scored twice more on a hit by Kersavage. Williams' grounder forced Kersavage at second, a fielder's choice by Polhemus and a smash into the woods which went for three bases by Urganiewicz.

The eighth saw the visitors score one more on a base on balls to Gerry and a two base hit by Martin.

Their ninth inning rally netted them one run on hits by Richardson and Gould.

The home run of Polhemus was the longest hit seen here this season.

### Local Team Loses Millers Falls Game

Northfield lost a close game to the strong Millers Falls team last Friday night by the score of 5-4. The visitors had their luck right with them for in the very first inning with two out after a single by Timmons, a free ticket to "Shorty" Marvel and a hit by "Ken" Smith, Bonnie poled one out to Johnny Plotczyk in center field and as he misjudged it a little, it rolled down over the hill for a four bagger.

The local tried hard to catch up but fell one tally short of equaling it.

Bistrek pitched a fine game for Northfield, striking out 12 of the 21 batters to face him.
